**RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In response to the election requirement set forth in the Office Action mailed March 21, 2005 (Paper No. Mail Date 03082005), Applicants hereby provisionally elect Group I, Claims 1-16, Species (a) antihistamine with traverse. The Applicants maintain that at least claims 1-16 are readable on the elected species. However, Applicants provisionally elect claims 1-6 and 9-16 for examination with traverse.

**REMARKS**

The Commissioner may require restriction if two or more independent and distinct inventions are claimed in one application (35 U.S.C. §121). M.P.E.P. § 803, however, directs as follows (emphasis added): "If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to distinct or independent inventions." The directive should be followed in this case.
